Before you go to hospital

You have a letter to tell you why you need to go to hospital and which hospital to go to.

Read the letter.

Show it to your family, your carer or your friend.

If you don’t understand anything, ask them for help.

Or you can telephone the hospital on the number given in the letter. They will help you.

If you are going to be in hospital for more than a week, make sure the people who pay your benefits know about this.

Your carer or family can help you with this.
What to take with you

- your letter
- phone numbers of your family and friends
- any medicines you take including painkillers, eye drops, herbal remedies or vitamins
- night clothes such as pyjamas, slippers and dressing gown
- wash things such as soap, shower gel, flannel, comb or brush, shampoo, paper tissues, toothbrush, toothpaste, false teeth and denture cleaner
- shaving kit such as razor, shaving foam, after shave
- walking aids such as stick, zimmer frame or crutches
- books or magazines to read
- a small amount of money - just enough for sweets or a newspaper
- mobile phone
- **music** such as your own CD player, MP3 or iPod – but you must bring your own **earphones** as well
- **put all your things in a bag** and when you get to hospital show the nurse what you have in your bag

**What you should NOT take with you**

- **alcohol**
- **cigarettes** - smoking is not allowed in the hospital
- **food**
- **lots of money**
- **jewellery** is not allowed but you can keep your **wedding ring** on
- **anything you really value** that you wouldn’t want to lose, such as a photograph
About the hospital

The hospital is:
- a large building
- a noisy building
- a busy building
- a hot building
- the hospital has different smells

If you need help with anything, the staff are always happy to help you.
Getting to hospital

You can get to the hospital by:

- car
- bus
- taxi
- minibus
- train

or you can ask for an

- ambulance if you need one.

What to do when you get to hospital

- go to the reception desk - they will help you

- if you need a wheelchair the person on reception will get you one

- there are signs to help you find the right ward

- there are stairs to the wards

- there are lifts to the wards
What to do when you get to your ward

● go to the reception desk

● a nurse will show you to your bed

Some wards are for **women only**. Some wards are for **men only**. Some wards are for **both men and women**.

The doctors and nurses

● a nurse will ask you some questions

● a nurse will check your
  ● weight
  ● height
  ● temperature
  ● pulse and blood pressure
  ● urine

● a **doctor** will see you
The doctor will speak to you. This will NOT be your own doctor.
The doctor or nurse will ask you questions about how you feel. They may want to look at you to see what is the matter with you.

They may want to give you things to make you better, such as:

- an operation
- injections
- painkillers
- medicines

They will always ask if it is OK to do any of these things.

Tell the doctor or nurse if you are:

- worried
- sad
- happy
- in pain
- tired
- feeling sick
- or if you have any questions
People who work in the hospital

Doctor

Nurse

Doctors and nurses wear different clothes. They will tell you who they are.

Porters

Cleaners

Physiotherapists

Occupational therapists

Speech and language therapists

All these people will help you. If you are worried, tell someone. If you are happy, tell someone.
Things you will find in the hospital

Day Room

Social worker

Telephone

Television

Radio
Meals and drinks

You will be given all your meals. You can chose what you eat.

You can have a drink at any time.

Breakfast

Lunch

Supper

If there is anything you don’t eat or anything you want, please ask the nurse.

Visitors are asked not to visit you while you are eating your meal.
Being on the ward

Carers, family and friends can visit you during visiting times

They can also phone you

Ask a nurse if you need help to

- go to the toilet
- use the phone
- arrange a visit from the minister of religion - either your own minister or the one who visits the hospital
